

JUMP! Impact

The JUMP! Impact Fund is an initiative created by the JUMP! Foundation to bring experiential education to youth in underserved communities. The JUMP! Foundation is a non-profit social enterprise that uses experiential education to advance a world in which individuals, community leaders, and global citizens realize their passions and potential.

JUMP! Impact

The mission of JUMP! Impact is to:

INSPIRE

youth to be changemakers in their communities

EMPOWER

youth with leadership skills, tools and models

ENGAGE

youth in community and global development

The Challenge?

Today, children and youth aged 24 years and below make up nearly 40 percent of the world's population, many of whom are concentrated in underdeveloped countries.

Major challenges in these regions include inequity of wealth distribution, lack of employment opportunities, and rapid urbanization.

The marginalization of youth in this context carries enormous negative implications for our global future as it causes a sense of disenfranchisement and lack of upward mobility, which can lead to ethnic, religious, and political conflicts¹.

Our Response?

Innovative programming that utilizes experiential education to transform youth from under-served communities into globally competitive leaders for positives change in their lives and the world.

We pair this approach with a unique methodology which brings together local NGOs, leaders, and youth to create sustainable impact.

Where We Work

1. "Employment and Social Trends by Region." World Employment and Social Outlook, vol. 2016, no. 1, 2016, pp. 27–59., doi:10.1002/wow3.77.

Our Programs

The following two programs comprise the core of JUMP! Impact’s work:

JUMP! Leadership Program

The JUMP! Leadership Program is a one-year initiative that supports youth in under-resourced communities worldwide in becoming agents of changes. By partnering with community-based organizations around the world, we work with youth to build their social capital, develop invaluable skills, and design creative solutions for local challenges.

Global Potential

A New York based project, Global Potential transforms youth from underserved communities through education, service learning and cultural exchange into globally competitive leaders of positives change in their lives and communities.

Success Stories

Projects are part of the process needed to empower youth to become change-makers in their communities. We often learn not only through successes but also failures. This gives youth the opportunity to become globally competitive leaders for positive change in their lives and communities.

Program: JUMP! Leadership
Location: Indonesia
Partner Organization: Desa Lestari

The Challenge: In the Gunungkidul district, Indonesia, most young people leave the village. They go to work in cities or become migrant workers in others countries.

Participant Created Project: Hydroponic – A social enterprise hydroponic farm employing youth to grow sustainable produce.

Program: JUMP! Leadership
Location: Putsor Community, Bati District Cambodia
Partner Organization: Green Umbrella

The Challenge: Literacy rates are an enormous challenge in Putsor Community, Bati District Cambodia, for some groups it is at 10%.

Participant Created Project: Mobile Library – Implemented a group of High School students bring reading education into rural villages throughout the region.

Program: JUMP! Leadership
Location: Yangon
Partner Organization: BEAM (Bridging Educational Access to Migrants)

The Challenge: There are many volunteers in Yangon providing informal education to street children. However, volunteers often have a lack of teaching materials and resources, little or no teaching training, and no network to connect the volunteers working to support street children's education.

Participant Created Project: Teacher Training - A five day workshop to better equip volunteers that are currently providing informal education to street children in Yan-

Program: Global Potential
Location: United States and Dominican Republic
Partner Organization: Global Potential

Here's a few words from Graciela, a Global Potential Program Participant:

"The moment I joined GP (Global Potential) the course of my life changed forever.

I learned how to fundraise, how to budget, how to write proposals, how to plan and organize and document large events like a film festivals and conferences. With GP I was able to feel proud and confident about myself, and I created a short film about Batey, the community I was in during the GP Program. With that film, I applied to the Tribeca Film Institute in 2012 and got in! Not only did GP provide me with a computer and space to complete the task, but they also gave me confidence."

Champions of Change

Be part of the change, with your support
we can do even more to empower the youth of these communities.

Changemaker

Not tied to one or two initiatives, Changemakers make up our largest base. Putting trust in the hands of our passionate and experienced team, ensuring your support creates the greatest positive impact.
